Hi SWE,

Happy New Year! We hope you enjoyed your holiday season and have embraced the new year of 2012. We are excited to begin 2012 by announcing upcoming events so please see the details below for more information & remember to check our [website](#) often for updates.

In this E-mail....

SWE Atlanta January Meeting
SWE Atlanta February Meeting
SWE Region D Conference
E-Week 2012 is Coming Up

Networking Opportunities

January Meeting - Tuesday January 17th 5:30pm

Product Development

Georgia Tech Campus (Joint Meeting with Georgia Tech SWE)

Engineering is all about creating solutions. Often, those solutions are consumer products. Join us as we talk about the product development process and how we as engineers translate customer needs into products that customers want. Please visit the event [website](#) to register and contact Angela Mitchell at angela.g.mitchell@kcc.com with additional questions.

February Meeting - Tuesday February 21st 11:30am

Tour the GE Grid IQ Experience Center

Marietta, GA

Mark your calendars to join SWE Atlanta for lunch as we tour GE's Grid IQ Experience Center! The Grid IQ Experience Center introduces visitors to new technologies that can modernize our electrical grid and educates them on how to integrate good decisions about energy use into their lifestyles. The Experience Center also features in-depth technical demonstrations so utility engineers can learn about GE's proven energy solutions for increasing efficiency and reliability. Look for registration for this event to open next month.

SWE Region D Conference

March 1-4, 2012

Charleston, SC

The SWE Region D Conference is in Charleston, SC this year so make plans to enjoy a weekend in Charleston with fellow SWE members and receive valuable training at the same time. If you are able to join by Friday March 2nd, don't miss out on the professional development session that also offers CEU credits called "Conversations: Conflict and Negotiation" led by Cathy Liska. Registration for the Region D conference is open NOW, and we would love to see you there! Please visit the [Region D website](#) for more information. Regular registration ends February 15th after which late fees will be added to the cost.

Volunteer Opportunities

E-Week 2012 is Coming Up

National Engineers Week (E-Week) is a week observed by many organizations and the federal

government to highlight the importance of engineers in society. This year E-Week will be the week of February 19-25th so be on the lookout for opportunities offered by SWE Atlanta and other organizations in your workplace and elsewhere so that you can get involved! For more information about E-Week you can see the National Engineers Week Foundation [website](#).

Have a great week!
